

Stage 3 Easter Show Excursion

Dear Parents and Caregivers,

This year, we will be providing the opportunity for Stage 3 students to visit the Royal Easter Show as an excursion in Term 1. This excursion will link with our Science, Geography and Mathematics curriculum and provide students with a balance between what they can learn in the classroom and what they can experience through real world opportunities. Students will be able to learn about food and fibre, develop an understanding of life on the farm, and learn about the variety of livestock, technology and sustainable farming which directly links to the new Science curriculum. They may also get to meet the livestock face to face with students possibly able to milk a cow or hold baby chicks. Students will be involved in planning our day, which will include developing a timetable for the day, mapping their route on a map and practicing their skills learnt during Road Safety lessons. We will NOT be going on any rides. We will have a supervision ratio of one adult to every seven students.
